

Interval House Strategic Plan

2023/4 to 2025/6

A place for safety. A voice for change.

Interval House is Canada's first centre for women survivors of intimate partner violence and their children. Founded in 1973 by a feminist collective, Interval House has always had a pioneering spirit, taking a holistic approach to helping women and children leave abuse behind and start new lives, free of violence.

Interval House's organizational effectiveness is grounded in its historical development as well as its organizational vision, mission, values, and culture. In achieving its strategic directions and operational outcomes, Interval House is guided by the philosophy, roles, and responsibilities of the Executive Team in partnership with the Board.

Mission: As Canada's first shelter for women and children experiencing abuse, we remain trailblazers in the campaign for women's empowerment and independence, providing innovative, specialized and transformative services that help to break the cycle of intimate partner violence

Vision: We envision a world without intimate partner violence against women and their children.

Values: Safety, confidentiality, accountability, collaboration, responsiveness, integrated services, awareness, diversity and independence.
