For the mothers and their children, summertime is a time for rest and reflection. For the women who have recently arrived at Interval House, this summer will be like no other. Thank you for standing beside us and enabling us to offer safety and support for women and children when they need us most.

Because of your generosity and support, mothers and their children fleeing abuse can enjoy family time this summer, in a secure environment, free from violence. Thank you for making this an unforgettable summer for the women and children of Interval House.

Ontario is home to some amazing small towns and breath-taking natural landscapes, that attract city and country dwellers alike. Whether you're going for a day trip, weekend getaway, or stay-cation, Ontario has endless options for you.

However Northern, remote and rural Canada are experiencing increasingly high rates of intimate partner violence. The Ontario government is being called upon to declare intimate partner violence an epidemic, following a three-week coroner's inquest to help prevent gender based violence. [The jury made 86 recommendations](#) including problems particular to rural communities such as spotty cellphone and internet service and a lack of transportation and housing options for survivors.

This month we'll be sharing resources to uplift and bring awareness to intimate partner violence in all parts of Ontario and Canada. Please follow us on our social media to read these featured articles.

We cannot thank you all enough for your ongoing support. Because of your generosity, we are able to help survivors rebuild their lives and break down the unique barriers that they face. You make it possible for women and children breaking the cycle of abuse find the programs and services they need to get back on their feet.

Once again, thank you for taking a stand to end violence against women!
